

Mobile Hydrogen Peroxide
Decontamination System

DRY DECO *mobby*

Mobile HYPER DRYDECO

Features of Mobile HYPER DRYDECO

- Responds quickly and flexibly to various sterile production
- Space & cost saving hydrogen peroxide decontamination system

This system succeeds to the concept of the HYPER DRYDECO, which prevents the condensation of hydrogen peroxide in rooms.

The mobile type achieves hydrogen peroxide decontamination which minimizes corrosion in the applicable rooms.

VHP Unit

- Equipped with hydrogen peroxide gas generator

Utility Unit

- H2O2 Concentration sensor
- H2O2 Decomposer
- Dehumidifier
- Room temperature sensor

Prototype
