

SBTi Certification Granted to the Taikisha Group's Greenhouse Gas Emission Reduction Targets

Taikisha Ltd. (Representative Director: Masashi Osada; hereinafter referred to as “Taikisha”) announces that its targets of reduction in greenhouse gas (GHG) emissions have been certified as science-based targets by SBTi (Science Based Targets initiative),* which is a global initiative.

Certified GHG emission reduction targets of Taikisha

	Base year	Target year	Target value
Scope1 and Scope2	FY 2022	FY 2030	Down 42%
Scope3			Down 25%

We will take this SBT certification as motivation to further accelerate our efforts to reduce GHG emissions. We will strive to achieve the certified targets and contribute to the achievement of a carbon-neutral society.

*SBTi: A global initiative jointly operated by CDP, the United Nations Global Compact, the World Resources Institute (WRI), and the World Wildlife Fund (WWF). (Established in 2015.)
